

English

In English, we shall be writing a balanced argument, taking both sides into account and also a non-chronological report about Antarctica!!

History

Famous explorers!

Ernest Shackleton and other famous explorers have helped us to understand the world we live in by discovering different places in the first place!!

Maths

We are following the White Rose scheme of learning. We are also have a massive push on times tables.

What is the most dangerous place on the planet?

Science

Sound is our topic this term. We shall be doing lots of investigations into how sound is made and hopefully, create our own instruments for our own band!!!

Geography

The world is such an amazing place and we shall be learning about how to read maps, understand about the Tropics of Cancer and Capricorn. We have already identified the Greenwich Meridian.

PSHCE

We are look at the importance of belonging to a Community. We shall identify special things about ourselves that make us who we are Describe similarities and differences between ourselves and others and the things we have in common Recognise how we are all equal despite any differences they we have.

DT

We are going to be understanding seasonality and know where and how a variety of ingredients are reared caught and processed in the context of where food is reared, caught and processed in the United Kingdom. There may even be an opportunity for tasting!!

Computing

The world is short of coders and we are hoping to correct that by learning through Scratch.

RE

What is a hero?

This is what we shall be investigating and thinking about different saints and others whose lives are shaped by their faith.

French

We shall be building upon our learning in the Autumn term to add to our knowledge and asking questions involving food and drink – all crucial when out and about in the world.

Art

Arcimboldo is the artist we are studying and his creations using fruit and vegetables should inspire us to create some wonderful works of art using different techniques.
