

Safeguarding Protocol For Visitors To Our School Site

Our school prides itself in ensuring that all adults who come to work in, or visit the school have a good understanding of how to operate our safeguarding protocols and procedures.

Please take the time to observe who the safeguarding team in our school is. It is important that if at any time you are alerted to any concerns in relation to a child's safety, health or wellbeing you immediately report this to one of the safeguarding leads (Photographs are detailed below for your convenience).

Please understand that the children in our school are encouraged to treat all adults with care and respect. We trust that this will be reciprocated and the highest of professional regard and vigilance will be shown at all times.
